COLEÇÃO PEDRA SINTERIZADA|ULTRACOMPACTA

PEDRA SINTERIZADA

Material produzido através da compactação de minerais naturais a elevadas temperaturas e pressão, criando uma superfície muito resistente, durável e de baixa absorção.

SUPERFÍCIE ULTRACOMPACTA

Superfície de elevada compactação e resistência, desenvolvida para suportar calor, riscos, manchas e uso intenso, sendo indicada para cozinhas, WC e outras aplicações.
